# SPIGA (DECORATO A MANO)

TB51 SPIGA GRECA

TB50 SPIGA SINGOLO

Fino dalle sue origini, l'uomo ha cercato di esprimersi graficamente, incidendo su vari materiali la storia ed il costume che lo circondava. Dagli antichi Greci in poi, anche nel campo ceramico, la tecnica del graffito é stata una delle più usate sia dagli artigiani che dai grandi artisti.

*From the beginning of time, man always tried to express himself, graphically, by engraving on real materials history and customs. From the ancient Greeks forward, "graffiti", even in the ceramic field, was one of the most used techniques, both by craftsmen and by great artists.*
