Le Perle

monocottura modul system

La linea di prodotti "Le Perle", già presente nella produzione Senio, è stata ulteriormente completata di finiture e pezzi speciali che consentono di eliminare spigoli e angoli prestandosi per ambienti pubblici e privati.

Si tratta di un prodotto tecnico a sistema modulare (con fuga di 3 mm) realizzato in 22 colori e 49 formati.

Sono stati aggiunti infine 5 formati Anti-Slip per ambienti umidi, per i quali si richiede una cospicua aderenza al camminamento.

"Le Perle", con posa a regola d'arte, esalta i propri requisiti tecnici elevando prestazioni anti shock termici e anti cavillo.

The current "Le Perle" Senio range has been completed with a wide range of special fittings and trims to cover edges and corners for private and public settings.

It is a technical range available in 22 colours and 49 totally modular sizes (3 mm joint).

5 Anti-Slip colours have been added for covering areas in humid environments that require a greater adherence.

If properly fixed "Le Perle" guarantee the highest resistance to crazing and to thermal shocks.

Die Serie "Le Perle", die im Senio-Sortiment schon vorher anwesend war, ist durch eine weitere Reihe von Vollendungs- und Sonderstücken ergänzt worden, die ermöglichen, in einem verfliesen öffentlichen oder privaten Raum alle scharfe Kanten und Ecken abzurunden und entfernen.

Das ist ein technischer Produkt in Modulsystem - d.h. mit 3 mm. Fuge verlegt - in 22 Farben und 49 Formaten.

Fünf weitere Formate mit RUTSCHFESTIGKEIT hat man für die Benutzung in feuchten Räumen extra produziert, wo eine grössere Haftung auf Boden notwendig ist.

Die "Perle" sind durch wichtige technische Eigenschaften gekennzeichnet und - bei fachgerechter Verlegung - im Fall von Thermoschock und Haarrisse garantiert.

Une serie de pièces spéciales et de finitions complète la gamme des produits "Le Perle" qui est déjà présente dans la collection Senio depuis quelque temps.

Ces pièces ont pour fonction d'éliminer les arêtes vives et les angles dans tous les lieux publics et d'habitation.

"Le Perle" est une gamme technique, modulaire (avec joints de 3 mm.) qui a été réalisée en 22 couleurs et dans 49 différents formats.

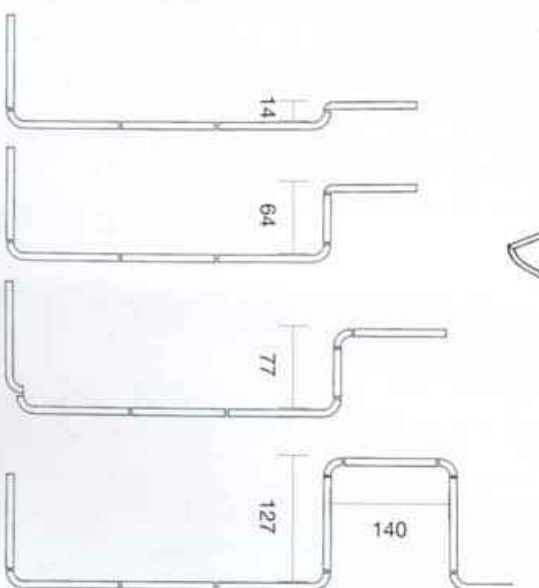

5 formats anté-glisse ont été ajoutés à cette serie. Ces carreaux peuvent être utilisés dans des endroits humides qui nécessitent d'une meilleure adhérence au sol.

La gamme "Le Perle" offre des performances techniques d'un très haut niveau et elle est garantie si la pose des carreaux est réalisée selon les règles de l'art.
