# “SEVERO”

da una antica Tipologia Faentina

**Produzione Artigianale**

Sulla linea «**Stile Severo**» sono stati riproposti i temi ornamentali della maiolica **quattrocentesca** italiana. Tra questi in particolare ci siamo ispirati alle esagone del pavimento della «**Cappella Vaselli**», nella basilica di San Petronio in Bologna (1487).

*Our range «**Stile Severo**» recalls the ancient decors of italian **XV century** majolica. In particular we have been inspired by the «**Cappella Vaselli**» exagon tiles placed in the San Petronio Cathedral in Bologna (1487).*

Per queste nuove gamme abbiamo attinto dalle antiche lavorazioni delle botteghe artigiane, temi ed accordi di colore che, rivisti e vissuti nella realtà di oggi danno origine ad un prodotto che non potrà mai essere superato dal tempo.
