

LAPIS

The word 'LAPIS' is rendered in a stylized, multi-colored font. Each letter is composed of multiple parallel lines in various colors (green, red, blue, yellow, orange, black). Above the letters is a thin, light gray semi-circle. Two vertical lines extend downwards from the base of the letters, framing the bottom logo.

Further down, the words 'HAND' and 'MADE IN ITALY' are displayed, with a small checkmark symbol preceding 'MADE IN ITALY'.

LAPIS

For its 50th year of production, Ceramica Senio is celebrating ceramics by an original interior design product. LAPIS is a collection of double-fired ceramic tiles strongly characterizing the room in which it is installed. Its section is formed by 6 semi-circles, which give the surface a three-dimensional appearance and create vibrations of light and shadows throughout the surrounding space. LAPIS, available in 25 colors, measures 20x30 cm. This collection does not need any grout, nor any further explanation... Just imagine covering your wall with lots of coloured matitas and enjoy it!
