

"Country Bed and Breakfast Antica Pergola" nel cuore della Toscana "Country Bed and Breakfast Antica Pergola" in the heart of Tuscany

Con la newsletter di fine Luglio vogliamo elogiare l' *Handmade in Italy* mostrandovi il progetto degli interni di una dimora storica Toscana ristrutturata a B&B utilizzando le nostre ceramiche. Con i suoi caldi paesaggi, la buona cucina e il patrimonio artistico/architettonico la Toscana si sa, è da sempre il fiore all'occhiello dell'Italia. Per noi, affiancare Francesco e la sua famiglia nella progettazione dei bagni è stato stimolante e di alta responsabilità, avendo come obiettivo non solo il rinnovamento dei bagni delle camere ma anche la conservazione del sapore storico che caratterizza l'immobile. Uniti dalla comune passione per l'artigianalità e il colore, si è deciso con i committenti di usare piastrelle in terracotta smaltata con colori in abbinamento alla tradizionale graniglia e cotto a pavimento, privilegiando il formato a "mattoncino" cm 6,5x26 - 2,5" x10" (*Newport, Westport, Chevron collection*).

Il risultato per noi è stato delizioso, voi cosa ne pensate?

With our July newsletter, we want to praise the *Handmade in Italy* by showing you the interior design of a historic Tuscan residence renovated to a B&B using our ceramics. With its warm landscapes, good cuisine and artistic/architectural heritage, it's known that Tuscany has always been the pride of Italy. Supporting Francesco and his family in the design of the bathrooms was such a stimulating and high responsibility to us, aimed not only to renew the bathrooms but also to preserve the historical flavour that characterizes the property. United by the common passion for craftsmanship and color, we decided together to use glazed terracotta tiles with colors in combination with the traditional terrazzo and cotto floor, preferring the 6.5x26 cm – 2.5" x10" "brick" size (*Newport, Westport, Chevron collections*). The result is lovely, isn't it?
