ISPIRAZIONE
INSPIRATION

INFIORE è una collezione in terracotta smaltata per rivestimenti e pavimenti che reinterpreta la graniglia con smalti acquosi e cristallini dalle trasparenze vetrose, creando una superficie vibrante e irregolare in cui i "petali" di cristallina colorata si fondono delicatamente tra loro, proprio come i fiori in un bouquet. La palette di colori è ispirata alla bellezza dei fiori: 18 tonalità lucide e brillanti e 5 varianti opache, progettate specificamente per l'utilizzo a pavimento. I formati spaziano dall'intramontabile 10x10 cm al ricercato 4,85x10 cm, fino ad arrivare all'esclusivo Butterfly, una forma sinuosa e decorativa. La collezione è impreziosita da pezzi speciali 3D, perfetti per rivestire piani, oggetti e arredi o per trasformare le pareti in scenografie scultoree. In sintesi, INFIORE è pronta a vestire ogni superficie e ambiente, inondandoli di colore e armonia.

INFIORE is a glazed terracotta collection for walls and floors that reinterprets the graniglia technique using water-based, crystalline glazes with a glass-like transparency, creating a vibrant, irregular surface in which the 'petals' of coloured crystalline glaze blend delicately together, just like flowers in a bouquet. The colour palette is inspired by the beauty of flowers: 18 glossy, brilliant shades and 5 matt variants, designed specifically for use as flooring. The sizes range from the timeless 10x10 cm to the sophisticated 4.85x10 cm, right through to the exclusive Butterfly, a sinuous and decorative shape. The collection is enhanced by special 3D pieces, perfect for cladding surfaces, objects and furnishings, or for transforming walls into sculptural displays. In short, INFIORE is ready to adorn every surface and space, flooding them with colour and harmony.

INFIORE est une collection en terrecuite émaillée pour revêtements muraux et sols qui réinterprète la technique du graniglia à l'aide d'émaux aqueux et cristallins aux transparences vitreuses, créant ainsi une surface vibrante et irrégulière où les « pétales » de cristalline colorée se fondent délicatement les uns dans les autres, à l'image des fleurs d'un bouquet. La palette de couleurs s'inspire de la beauté des fleurs : 18 teintes brillantes et éclatantes et 5 variantes mates, spécialement conçues pour une utilisation au sol. Les formats vont de l'intemporel 10 x 10 cm au raffiné 4,85 x 10 cm, jusqu'à l'exclusif Butterfly, une forme sinueuse et décorative. La collection est enrichie de pièces spéciales en 3D, parfaites pour habiller des plans de travail, des objets et des meubles, ou pour transformer les murs en décors sculpturaux. En résumé, INFIORE est prête à habiller toutes les surfaces et toutes les pièces, en les inondant de couleur et d'harmonie.

COLLECTION MOODBOARDS

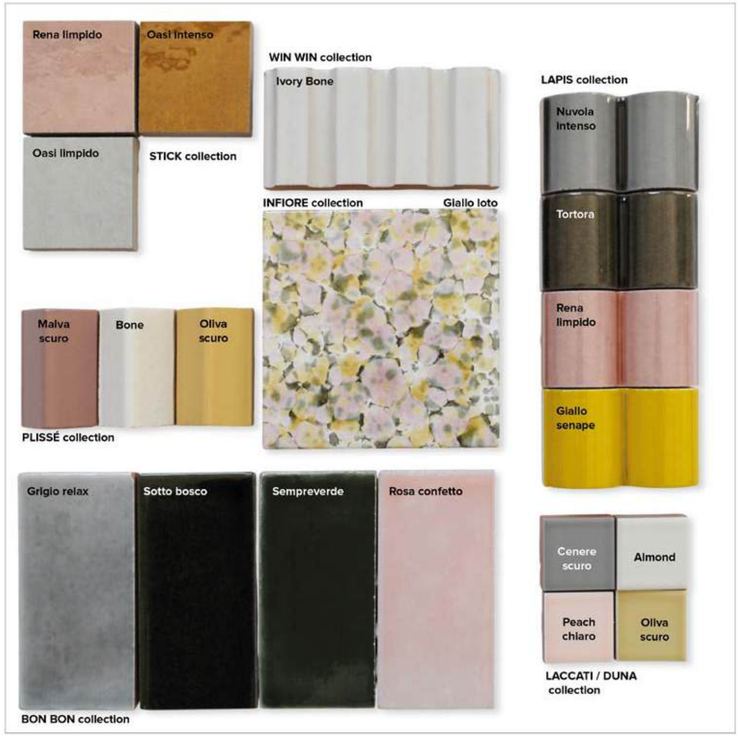

La collezione Infiore è pensata per rivestire intere pareti, ma può anche essere usata come accento decorativo abbinata ad altre collezioni Senio. La sua versatilità deriva dal fatto che le cristalline colorate utilizzate in “Infiore” condividono la stessa palette cromatica di altre collezioni Senio, garantendo così abbinamenti armoniosi. Ecco una selezione curata di moodboard che esplorano la sinergia perfetta tra le nostre collezioni ceramiche.

The Infiore collection is designed to cover entire walls, but it can also be used as a decorative accent matching with other Senio collections. Its versatility stems from the fact that the colored glazes used in “Infiore” share the same color palette as other Senio collections, thus ensuring harmonious combinations. A curated selection of moodboards exploring the seamless synergy between our ceramic collections.

La collection Infiore est pensée pour se rapprocher des autres, mais elle peut également être utilisée comme accent décoratif abbinata pour d’autres collections senior. La polyvalence dérivée de la couleur cristalline utilisée dans «Infiore» partage la même palette chromatique d’autres collections senior, garantissant ainsi des harmonies parfaites. Voici une sélection de moodboards qui exploite la synergie parfaite de nos collections de céramique.
